We design and deliver customized training and development programs for our client's employees, focusing on enhancing their knowledge, skills, and abilities to achieve their personal and professional goals.

Message from the Founder

Ibrahim Al-Amer
Founder & CEO

At **HR-Trust**, we are driven by a bold vision: to redefine the role of Human Capital as a strategic power in driving business growth and long-term success. With decades of leadership experience across private and public sectors, we recognized the need for a transformative approach to Human Capital—one rooted in delivering value-added solutions powered by AI and international methodologies which are tailored to the unique challenges of the Saudi organizations.

We believe that the success of any organization hinges on its ability to inspire, engage, and trust its people. That's why we founded **HR-Trust**: to provide organizations with the strategies, tools, approaches and expertise they need to build high-performing teams and achieve sustainable growth. Our commitment is to empower our partners with world-class solutions that blend the best of global practices with the richness of our local Saudi business culture, ensuring maximum impact.

Guided by the ambitious Saudi 2030 vision, we are determined on shaping the future of Human Capital through four core pillars: Consulting Solutions, Executive Search, Learning and Development, and Executive Coaching. Each pillar is designed to create measurable value, helping businesses navigate complex challenges, embrace innovation, and unlock their true potential for sustainability and growth.

Since our inception, we've partnered with leading organizations across diverse industries, delivering transformative results and earning their trust as a strategic ally. As we look to the future, we remain steadfast in our commitment to setting new standards of excellence in Human Capital.

We invite you to join us on this journey—together, we'll achieve extraordinary success.

Executive Search

Pioneering Executive Search

Our Understanding

Sourcing and resourcing high-performing talents for Senior Executive roles requires following a rigid approach for assessment and a thorough understanding of the compound work environment.

Our Strength

We are deep industry and subject matter experts in finding executive talent for your organization to lead into the future. Through applying a well-defined methodology and approach to ensure that every single time delivers the best candidate for you. We are specialized across a variety of industries and sectors including private, governmental and publicly traded organizations.

Acquisition Process

UNDERSTAND THE REQUIREMENTS

01
STEP

We recognize that the Chief Executive role is unique and complex. And for everyone involved in the selection criteria. Therefore, as Trusted HR Partner, we associate closely with our clients to clearly understand the client mandate and job requirements in-order to deliver a thorough and effective headhunting solution.

SEARCH STRATEGY

02
STEP

We continuously search the labor market to keep building a compelling internal pipeline of potential senior Executives, assess their capabilities and role-fit to the desired industry specifics. We do intense market mapping across geographies, industries, competitors to discover and notice the potential candidates.

SCREENING & JOB INTERVIEWS

03
STEP

We carefully screen the applicant's qualifications, credentials, employment and educational background in-order to determine if they match the job requirements for the position. Then hold consecutive job interview rounds throughout the hiring process to ensure adaptability to the work environment.

NEGOTIATION INTERVIEWS

04
STEP

We negotiate a win-win situation wherein the actual worth of the potential candidate will be evaluated. We do this through our professional skills of persuasion to influence a positive outcome for both the potential Senior Executive and for our Clients.

EFFECTIVE ONBOARDING

05
STEP

We continue to work hand-in-hand with the clients beyond the appointment of the Senior Executive to reflect workplace culture. Through providing effective onboarding tactics, the Senior Executive will build rapport, establish credibility, demonstrate authenticity, earn trust and receive feedback. This will help make their first 100 days and beyond a success.

Our Partners

Executive Coaching

Coaching With A Purpose!

- **Coaching** is a professional relationship between the coach and the executive member driven by the sole purpose to achieve exceptional results. Through the process of coaching, the individual focuses on the skills and actions needed for their career success.
- It's common among professionals to have the desire to revisit their career and consider new opportunities, but most fail to find time to work on it due to their daily routine. With a **Personal Career Coach**, you will have well-defined, realistic goals and a clear action plan, which will make it easier to organize yourself and work towards your career objectives.
- **Coaching** broadens the executive's mental thought leadership by providing greater focus and awareness of opportunities, leading to more effective choices
- **Coaching** results are then a matter of the executive's intentions, abilities, choices and actions.

Personal Coaching Approach

During the **One-On-One** sessions, your coach will give you the key to assess your current career situation, personal challenges and leadership insights, identify your strengths and areas of improvements as well as your differentiating factors, identify potential skills gaps and recommend actions to fill them in order to enhance thinking and decision-making skills, interpersonal effectiveness and increase confidence in carrying out their leadership roles.

Our Methodology offers a disciplined, structured coaching process that keeps the individual focused, inspired and empowered in moving ahead towards achievement of goals, problem solving, and change management.

HR-Trust is pleased to offer our valued clients with distinguished and innovative solutions & services in the field of management & HR Consulting. We are also delighted to be your trusted strategic partner in meeting your needs and achieving your goals. We also assure you of our constant commitment to building a successful and sustainable strategic relationship on various levels.

We believe in the importance of keeping pace with change and continuous learning from the lessons learned to continue improving and sustaining the quality of our solutions and services provided to our valued clients. We are authentic, professional and reliable towards our business.

Strategic Alliances & Business Partners

We are **proud** of our partnership with our business allies, as we believe that continuous collaboration is the basis of success and the key to sustainable progress and leadership in various fields.

Our **partnership** with our business allies embodies a fundamental pillar for achieving our ambitious goals. Together, we work to provide the best solutions and innovations for our clients and elevate the standards of excellence in the field.

Team Experiences

Our global, cross-functional team of professionals collaborate with clients to develop tailored-fit solutions across strategy, design, and end-to-end delivery. Our involvement includes all project phases and project types from concept design, modeling, development, testing to implementation.
